SUMMARY

As an enthusiastic and evolving Front-end Developer.
I am actively seeking opportunities to contribute my skills and creativity to a collaborative development team . I am particularly interested in joining a team where I can leverage my current project experience to craft intuitive and visually appealing user interfaces, while continuously expanding my skill set in the field of Front-end Development with a strong foundation in REACT and JAVASCRIPT.

Projects
Portfolio
https://portfolioram-25.netlify.app
- My Portfolio represents who I am,and it showcases all my projects.You can explore my projects through my portfolio
- Creating my portfolio I learned to manage React components and React hooks and i used react smooth scroll to scroll smoothly
- I used plain CSS (Vanilla CSS) for styling my portfolio because i wanted to further enhance my CSS skills
- I ensured that it is fully responsive. This projects has helped me acquire the skills necessary to create a responsive portfolio

BMI-CALCULATOR
https://bmicalu.netlify.app
- My website offers a information about Body mass index and provided calculator to find our body mass index
- I have developed a custom BMI calculator, demonstrating my expertise in building logies in JAVASCRIPT.this features empowers users to calculate their BMI accurately.
- Users can easily visualize their body mass index by entering their height and weight
- This project is user-friendly in both desktop and mobile platforms
